

Chemistry Europe is an association of

- 16 chemical societies
- From 15 European countries
- Who co-own 16 scholarly journals
- And represent over 75,000 chemists

# Member Societies

Our mission is to evaluate, publish, disseminate and amplify the scientific excellence of chemistry researchers from around the globe in high-quality publications.

We represent 16 European chemical societies and support their members at every stage of their careers as they strive to solve the challenges that impact humankind.

We value integrity, openness, diversity, cooperation and freedom of thought.

# How to Get Your Paper Published

- Finding the right journal
- Manuscript preparation
- Submitting your paper
- Peer review
- Licensing & open access
- Publication
- Promotion of your published research
